To cope up with the growing membership and partners the organization has embarked on using online platforms to increase access and service delivery. This saw the improvement in the organization website, development of the communication policy and activation of the social media platforms that tremendously increased the organization visibility online.

The NEYD primary school in Raya, 8 km from Garissa town began its first term on 5<sup>th</sup> January 2019. The school has both NEYD sponsored orphans and self-sponsored pupils and offers integrated system of education which includes, secular, madrassa and Quran memorization classes. This year saw an increase in enrolment especially on the self-sponsored pupils. This is

attributed to the high standard of learning and boarding facilities the serene and more secure environment notwithstanding. The Education subcommittee conducted assessment on teacher's performance to make sure that quality of the system is not compromised. The first term came to end on 6<sup>th</sup> April 2019 in a closing ceremony where top performing students were rewarded.

In the month of February 2019 NEYD was a host to one of its key Partners Hayrat Aid, a Turkish organization. The Visitors who spent three days in Garissa met the Garissa Governor Hon Ali B. Korane and Garissa Municipal board Chairman Hon. Ibrahim M Salat. They also opened a dormitory they funded and commissioned the construction of an elevated water tank which they also funded.
